

Renewable Energy Kit Loan Scheme

Delivering sustainable education through schools in Leicestershire

Get hands on free educational resources

Why?

We are witnessing climate change and the Government is encouraging us to pass the message to our next generation – School Children.

What you can use it for?

You will be provided briefing notes with lesson plans integrating to Science, Geography, ICT, CARE, PSE, etc. showing their links to the National Curriculum.

How much does it cost?

You can borrow these kits for free, there will be a small delivery charge or you could collect and return them yourself. You can also spread the delivery charge by borrowing other items from the Resource Box Scheme.

How long can we keep the loans for?

Schools can borrow up to 25 items from the Resource box including these kits for a whole school term. Non-school borrowers can borrow at any time for a fixed agreed time.

How do I find out more?

To find out more or reserve the renewable energy kit, contact **Hetal Patel** on 0116 3057068 or enable@leics.gov.uk or contact **Resource Box Officer** on 01455 552834 or sherrier@leics.gov.uk
